Product Data Sheet

Lubri-Diesel Winterized

Deicer / Detergent / Cetane Enhancement Diesel Fuel Treatment

Lubri-Diesel is formulated for use in all diesel engines. At a recommended treatment level of 1 gallons to 500 gals (1oz. to 4 gallons of fuel), Lubri-Diesel will provide the following performance features:

Lubrication

- Increases the lubricity of ultra low sulfur, low aromatic diesel fuel
- Reduces friction heat and wear by providing full time lubrication to fuel system components, top cylinders, rings and valves
- Prevents premature injection pump and o-ring seal failure
- Increases compression pressure, power and performance
- Improves fuel efficiency and reduces oil consumption

Cetane

- Improves Cetane up to 6 points
- Improved cold weather starting
- Reduced emissions
- Reduced misfiring and engine noise

Detergency

- Exceeds Cummins Superior L-10, N-14 injector deposit and hole corrosion tests
- Removes deposits from fuel injectors to maintain peak performance
- Prevents varnish and deposits in the entire fuel system
- Restores lost power

Cold Flow Improver

- Reduces Cold Filter Plugging Point (CFPP)
- Prevents fuel gelling and icing

Stabilizer And Corrosion Inhibitors

- Prevents build-up of rust and corrosion from fuels stored over extended periods of time

Lubri-Diesel is available at our Whitmore Lake, Michigan facility in 55 gallon drums, 300 gallon totes, 500 gallon totes, and bulk tanker truck.

Storage And Handling: See Material Safety Data Sheet Before Use. Use at room temperature. If frozen, allow to thaw completely prior to use. Do not expose to extreme high temperature due to drum rupture. Do not pressurize drum or reuse empty container.

Non-Warranty: While the information and recommendations sent forth herein are believed to be accurate as of the date thereof, Fortech Products, Inc. makes no warranty with respect thereto and disclaims all liability for reliance therein.
