

# TechLub Gear Oil 150EP, 220EP and 320EP

## DESCRIPTION:

Fortech Products TechLub Gear Oils 150EP, 220EP and 320EP are designed for heavy duty and extreme pressure use in bearings, gear sets and reducers, and circulating systems. Our Gear Oils provide excellent extreme pressure properties, oxidation inhibition, corrosion resistance, water demulsibility, and excellent protection of contacting metal parts. Our Gear Oils also provide excellent sludge prevention, water separation, as well as excellent thermal and oxidative stability.

This post is also available in: 

## TYPICAL PROPERTIES (NOT SPECIFICATIONS):

|            |                           |
|------------|---------------------------|
| Appearance | Amber Oil                 |
| Density    | 7.38                      |
| Viscosity  | Varies based on oil grade |

## FEATURES / BENEFITS:

- Excellent Extreme Pressure Performance, minimizing scuffing and pitting
- Excellent Oxidative Stability
- Excellent Thermal Stability
- Excellent Sludge Prevention and Water Separation

## MIX / APPLICATION & USE:

## TechLub Gear Oil 150EP, 220EP and 320EP

### **HEALTH & SAFETY:**

**Gear Oil 150EP, 220EP and 320EP** are available at our Brighton, Michigan facility in 55-gallon drums, 330 gallon totes and 5 gallon pails.

**Storage And Handling:** See Safety Data Sheet Before Use. Use at room temperature. Store at temperatures between 45°-90°F. Do not expose to extreme high temperature due to container rupture. Do not pressurize drum or reuse empty container. Follow all safety regulations on label.

**Non-Warranty:** While the information and recommendations sent forth herein are believed to be accurate as of the date thereof, Fortech Products, Inc. makes no warranty with respect thereto and disclaims all liability for reliance therein.
