

TechDraw FT999 Oil Based Corrosion Preventative and Drawing Compound

Heavy Duty, Synthetic

DESCRIPTION:

TechDraw FT 999 is an oil-based, barium-free, and wax-free, corrosion-preventive oil with exceptional and drawing and forming properties. It is formulated to be applied to coils as a prelube and provides in-process or final protection for medium to long-term indoor storage of metal surfaces, both ferrous and non-ferrous alloys. TechDraw FT 999's unique formulation does not contain chlorinated paraffins, sulfur or pigments and is easily removed with alkaline cleaners where clean surfaces are required in subsequent operations such as welding.

TYPICAL PROPERTIES (NOT SPECIFICATIONS):

Appearance	Dark Amber Oil
Density (lbs/gal)	7.4
Viscosity @40C	33 cst

FEATURES / BENEFITS:

- Provides Medium to Long Term Corrosion Protection
- Barium, Pigment, Sulfur and Chlorine free
- Non-Staining, may be used on multiple substrates
- Can be removed with alkaline cleaners

MIX / APPLICATION & USE:

TechDraw FT 999 can be applied using spray, roll-coater, drip or brush applications. Your Fortech Customer Sales Representative will work with you on a properly applying.
