

TechKleen FT 163RP Cleaner with Rust Protection

DESCRIPTION:

TechKleen FT 163RP is a slightly alkaline, light to moderate duty, ambient temperature parts cleaner designed with a rust preventive package for ferrous and non-ferrous metal washing applications. The product's unique formulation displays excellent wetting, rust prevention and soil penetrating capabilities.

TechKleen FT 163RP can be diluted to desired concentration in water to clean a myriad of soils and can be used in spray, dip, and ultrasonic cleaning systems at ambient or high temperatures.
